

THE OFFICE

The building has been transformed to deliver newly refurbished office space, with landscaped communal gardens and break-out areas. A large terrace, accessible from the fifth floor, offers panoramic views of the River Thames and London's skyline beyond. The building was stripped back to expose the original vaulted concrete ceilings. The exposed concrete has been complimented with a contemporary lighting solution and high quality timber flooring. New building services of the highest standard have been integrated throughout.

BILITY & FLOOR PLANS

ndlord.
